

ACHMM Philadelphia Chapter Meeting Minutes

Date: March 21, 2006

Location: Academy of Natural Sciences, Philadelphia, PA

President Hubie Gallagher welcomed new members.

Committee Reports: none. Craig Durand is working on recruiting and web site activities.

Treasury Report: Donna Switzer, budget approved and passed.

Presentations: Kevin Daniel from the EPA discussed their RMP program.

New Business:

Joann Cortese discussed the Equipment Replacement Program, Section Vulnerability Analysis (SVA) for DPCC and TCPA to incorporate inherently safer technology to be phased in by mid- August

NJDEP site remediation report will be reviewed for exact compliance with regulations to determine minor and non-major infractions. There will be a grace period with time lines for compliance.

MTBE in gasoline is being phased out by 4/15/06 and replaced with > 10% ethanol. It is recommended that companies obtain a cleaning certificate from trucking companies stating that the vessel does not contain MTBE due to the requirement that you will need to test for MTBE in the event of a spill.
